[The Bible Project www.thebibleproject.com](http://www.thebibleproject.com)

The Bible Project is a non-profit animation studio that produces short-form, fully animated videos to make the biblical story accessible to everyone, everywhere. We create 100% free videos, podcasts, and resources that explore the Bible's unified story.

The Bible is a divine-human book that speaks God's word to his people. We believe it ultimately points us to Jesus, who has the power to change individuals and whole communities when we let the biblical story speak for itself.

Sadly, for so many, the Bible is used as a devotional grab bag or an instruction manual that fell out of the sky. Worse, for many more, it is an oppressive book of out-dated rules used to control people. We simply desire to help others understand the scriptures and all their complex themes in a way that is engaging, approachable, and transformative. We are committed followers of Jesus, but are not organizationally a part of any specific Christian denomination or tradition. We hope that people from all backgrounds will find value in this work, regardless of their religious or non-religious convictions.

Read Scripture Bible App

The goal of Read Scripture is that everyone would read the Bible for themselves and discover the truth and beauty of God's Word.

To this end, we are curating a year-long Bible reading plan and supplementing the reading with amazingly creative videos (produced by our friends at the Bible Project) that explain every book of the Bible, major theological themes of the gospel, and tips on how to read the Bible.

We will house all of this content in a beautifully designed app that will be available to download in the App Store and on Google Play.

We encourage you to experience Read Scripture in community but it is set up so that you can go through it on your own.

The Swindoll Study Bible offers the best of Charles Swindoll's wit, charm, pastoral insight, and wise biblical study directly to you as you study God's Word. Chuck's warm, personal style comes across on every page, and his informed, practical insights get straight to the heart of the Bible's message for the world today. Reading each part of this study Bible is like hearing Charles speak God's Word directly to your heart. It will both encourage readers' faith and draw them deeper into the study of God's Word.

The New Living Translation is based on the most recent scholarship in the theory of translation. The challenge for the translators was to create a text that would make the same impact in the life of modern readers that the original text had for the original readers. In the New Living Translation, this is accomplished by translating entire thoughts (rather than just words) into natural, everyday English. The end result is a translation that is easy to read and understand and that accurately communicates the meaning of the original text.
